ACKNOWLEDGEMENT

First of all, we thank the almighty for providing us strength and courage to present the project. We avail this opportunity to express our sincere gratitude towards **Prof. Chintan N. Kanani, Head of Computer Engineering Department** for permitting us to conduct the project.

We express our cavernous sense of obligation and gratitude to our Guide **Prof. Hetasvi K. Vyas** for her genuine guidance and constant encouragement throughout this project work. We are highly obliged to our honorable guide for providing us with such an opportunity to carry out research work under her continuous guidance.

Also, we are very thankful to Darshan University Computer Department faculties who supported us in getting our website ready. We also wish to express our heartfelt appreciation to our family, colleagues and many who have rendered their support for the successful works towards the completion of the research work, both explicitly and implicitly.

We also thank to our friends who suggested right way for the improvement of our project, they gave us complete support for the construction of our project according to guideline. We deeply acknowledge mutually to all project supporter for their never ending encouragement, moral support and patience during the preparation of this project.

ABSTRACT

This luxury eyewear website is designed to offer high-quality, stylish, and premium glasses to customers who want both fashion and comfort. The website provides a smooth shopping experience with clear product details, elegant design, and easy navigation. Users can explore different collections, check features of each eyewear, and make secure purchases. The goal of the website is to bring luxury, quality, and modern style together in one place, making it simple for customers to find eyewear that fits their personality and lifestyle.
